

## BARC Recycling Matrix for Industrial/Commercial Accounts

Bay Area Recycling for Charities is excited to be working with your business. As the recycling markets continue to improve slowly from the deep decline over the past several years, we are able to provide the following pricing for Baled Cardboard and other scrap materials.

Items not shown on this list will be charged at \$20 per gaylord, bale, or skid form. If de-casing is required it will be charged at \$40 per man hour. BARC is happy to negotiate for special items that are not shown on this list. Locations further than 50 miles may have additional costs for freight. Rebate checks and recycling collected are to be reported on a quarterly basis or as needed. We look forward to working with you!!!

- Andy Gale

### Cardboard/Valued Paper/Valued Plastic (Rebate is based off of a weight of 1000 lbs per bale of material.)

Market Value of Cardboard	Rebate Provided
\$0 to \$50/Ton	\$0 per bale
