

Zero Waste Vendor Agreement

Name of Event Management Company

Name of Event

The above event management company has contracted with Bay Area Recycling for Charities (BARC) to recycle and compost the disposable serviceware and other disposable materials generated by the event listed above. Our goal is to make this year's event a "ZERO Waste" event, keeping as much as possible out of our local landfill.

How we make it Zero Waste

In order to make our event ZERO Waste, BARC provides discounted plant-based compostable serviceware. Compostables break down within weeks as opposed to plastic service ware that can take hundreds of years to decompose in a landfill.

Order Compostable Serviceware

Please fill out the Compostable Serviceware Order Form to indicate the quantity of compostables you'll need.

How it Works

BARC will deliver the compostables to your station on the day of the event and charge only for quantities used. BARC will also keep a supply on hand at the event if needed.

Important Note

Unless agreed upon in advance, please do not use any disposable plastic forks, knives, spoons, plates, cups, or any non-recyclable or compostable service ware.

Do you want to bin at your station?

BARC will provide recycling bins throughout the event. If you would like a bin at your station, please check here:

Yes

No

BARC will remove from vendor stations larger items such as broken down cardboard boxes, cases of empty wine bottles, etc. Your cooperation is necessary and appreciated! Please read the following, sign, and return to us.
